Music Forward programs connect passions to professions in the music industry for high school and college-aged young people. We provide information, tools, access, and opportunity to break the barriers of gender, poverty and race to enter the music industry.

Music Forward transforms young lives, inspires careers, and champions a more inclusive music industry.

Why Music Forward?

Women represent only 2.6% of producers in the music industry.

An estimated 16% of our nation’s 16–24-year-olds are not currently enrolled in school or working.

Only 13.9% of top executives across the music industry are people of color.

Young women represent 62% of Music Forward participants.

Music Forward placed 57 interns in 2022 alone.

76% of Music Forward’s participants identify as youth of color.
You can become a foundational partner of Music Forward’s comprehensive music industry programs. This opportunity allows you to be integrated into valuable content while aligning your company with the Foundation’s clear purpose of elevating and empowering the next generation of the creative economy.

Not only does this opportunity connect you with thousands of young people across the country, as well as music industry professionals and educational communities nationwide, but it provides you a tangible moment to play a critical role in bridging our communities to the music industry, moving culture forward, and championing the youth and industry we serve.

**MEASURABLE OUTCOMES**

Our programs support college and career planning, building 21st Century Skills through content and practical experiences following a Positive Youth Development model.

**CONNECTION:** Increase a sense of competence, confidence, contribution, critical thinking, and collaboration through hands-on learning, mentorship, and peer support.

**CAREER SKILLS:** Greater knowledge of the music industry and related careers; improved ability to network, interview, and pursue employment in the creative sector.

**PERSONAL ENRICHMENT:** A greater understanding of how their personal goals and preferences can guide them in identifying a future career.

*We build in pre-and post surveys to assess program outcomes.*
